TRUE SKY
Budgeting, Forecasting, and Reporting for Goodwill Organizations

Goodwill organizations change lives every day – but managing complex budgets across stores, programs and funding sources can make it hard to focus on the mission. **True Sky** helps finance teams simplify budgeting, forecasting, and reporting, so you can spend less time managing spreadsheets and more time driving community impact.

- **Budget smarter across programs, retail, and grants:** From workforce development programs to retail operations, every part of your organization needs accurate budgets and accountability.
- **Real-time insight for better decisions:** Stop waiting for manual updates or chasing down spreadsheets. True Sky connects to your ERP, giving you access to the numbers that matter: wages, program expenses, retail performance, and funding utilization. See where you stand today and model what's next.
- **Collaboration and control – without the chaos:** Budgeting shouldn't be a game of email tag. True Sky makes collaboration easy by letting staff input data securely, while you maintain full oversight and version control.

Why Goodwill Teams Choose True Sky

- Familiar Excel interface
- Connection to data sources (ERP, HR, etc.)
- Centralized data for accurate, consistent reporting
- Secure templates and role-based access
- Robust support at no hidden costs

> **We are very happy with True Sky –** excellent support and a great team to work with. The solution is customizable to meet Goodwill's business and budgeting process.

True Sky®

How True Sky Helps

Enhanced Accuracy

Say goodbye to spreadsheet errors. True Sky employs advanced algorithms and automated calculations, ensuring pinpoint accuracy in your financial data. Eliminate the risk of manual entry mistakes and make decisions based on precise, error-free information.

Effortless Collaboration

Break free from version control headaches and streamline collaboration effortlessly. True Sky provides real-time, multi-user functionality, allowing teams to work seamlessly on the budgeting process. Experience a collaborative environment where everyone is on the same page, fostering efficient teamwork.

Time Efficiency and Automation

Reclaim valuable time for strategic decision-making. True Sky automates routine tasks, accelerating the budgeting process. Enjoy the efficiency of automated workflows, giving you the freedom to focus on high-level financial analysis and planning rather than getting bogged down by manual data manipulation.

Excel Interface for Familiarity & Control

Keep the familiarity of Excel while gaining advanced controls. True Sky uses Excel as the end-user interface, empowering users with enhanced features and controls for enterprise-level budgeting and forecasting. Enjoy the best of both worlds – the comfort of a familiar tool and the power of a comprehensive budgeting solution.

Get Started Today

Empower your organization with the strategic advantage of True Sky. Contact us today to schedule a demo and discover how we can help you unleash the true power of True Sky.

1. **Consultation**: We begin with a review of your current processes to understand your needs and objectives.
2. **Demo and Discussion:** You'll get to see the tool in action and talk through how it will work for your needs.
3. **Proposal and Implementation Plan:** Based on your needs, we'll outline a plan and put together a fixed-fee proposal that includes costs, timelines, and support options, and other deliverables.
